

PETER KINSMAN

(joined in 1989, trustee/director since June 1999)

I am an accountant and have worked for the civil service for the past seventeen years. Prior to that, I worked for companies in the manufacturing, mining and service industries. I was also an active member of the Territorial Army for 30 years. I live in a small village, Purton Stoke near Cricklade.

I joined W&BCAG in 1989 and have been a member of Royal Wootton Bassett and Cricklade Branches. Seventeen years ago at the request of the Council of Management I joined Council as Group Treasurer. I wish to see the Wilts & Berks Canal become a fully operational canal again, but recognise that we, as a charity staffed mainly by volunteers, will not achieve this without going into partnership with other organisations.
