

STEVE BACON

I was born in 1950 in Hounslow, but lived in Arborfield after we married. Veterans of the 1973 Droitwich Dig, we attended work parties until our family took priority.

On retirement, we decided that the Wilts & Berks Canal would become our Project. A keen local historian, I brought my local history society on a minibus tour in June to see the W&B Canal and show why we wanted to move here.

Having been a School Governor and District Councillor, I have relevant experience and would be happy to represent the Membership as a Trustee.
